

Child Abuse Prevention Policy

(Page 1 of 3)

The priority of Boys & Girls Clubs of Delaware County is the physical and emotional safety of its members, staff and volunteers. Boys & Girls Clubs of Delaware County maintains a zero-tolerance policy for child abuse. Boys & Girls Clubs of Delaware County implements policies and procedures for members, employees, volunteers, visitors or any victims of sexual abuse or misconduct to report any suspicion or allegation of abuse.

DEFINITIONS

One-on-Contact Prohibition: Boys & Girls Clubs of Delaware County prohibits isolated one-on-one interaction between Club participants and staff or volunteers, including board members. This includes prohibiting one-on-one contact at any time at the Club, in vehicles or by phone, text, social media or any other means.

Exceptions may only be made when delivering approved medical or counseling services by a licensed, trained therapist or similar professional according to professional guidelines. All staff and volunteers, including minor staff (under age 18), are strictly prohibited from meeting Club participants outside of any Club-sponsored activities. The only exception to this rule is whether the Club participant is a child or sibling of a staff member or volunteer.

Child abuse is when an adult or another child, whether through action or by failing to act, causes serious emotional or physical harm to a child. Sexual abuse or misconduct may include but is not limited to:

- Any sexual activity, involvement or attempt of sexual contact with a person who is a minor (under 18 years old).
- Sexual activity with another who is legally incompetent.
- Physical assault or sexual violence, such as rape, statutory rape, abuse, molestation or any attempt to commit such acts.
- Unwanted and intentional physical conduct that is sexual in nature, such as touching, pinching, patting, brushing, massaging someone's neck or shoulders and/or pulling against another's body or clothes.
- Inappropriate activities, advances, comments, bullying, gestures, electronic communications or messages (e.g., by email, text, or social media).

Grooming is when someone builds an emotional connection with a child to gain their trust for the purposes of sexual abuse, sexual exploitation or trafficking. Grooming behaviors may include but are not limited to:

- Targeting specific youth for special attention, activities or gifts.
- Isolating youth from family members and friends physically or emotionally. This can include one-on-one interactions such as sleepovers, camping trips and day activities.
- Gradually crossing physical boundaries, full-frontal hugs that last too long, lap sitting or other "accidental" touches.

MANDATED REPORTING

Every staff member or volunteer of Boys & Girls Clubs of Delaware County who becomes aware of or has suspicion of child abuse or neglect must immediately report to Club leadership. Club leadership is responsible for reporting the incident immediately to the appropriate authorities according to statewide mandated reporting laws, as well as to Boys & Girls Clubs of America (BGCA) within 24 hours via the critical incident system.

Prohibition of Private One-on-One Interaction Policy (Page 1 of 3)

Boys & Girls Clubs of Delaware County is committed to providing a safe environment for members, staff and volunteers. To further ensure their safety, the organization prohibits all one-on-one interactions between Club members and staff and volunteers (including board members). All staff and volunteers must abide by the following:

- Ensure all meetings and communications between members and staff or volunteers are never private (see definition below).
- Ensure in-person meetings take place in areas where other staff and/or members are present.
- Communicate to another staff member whenever an emergency arises that necessitates an exception to this policy.
- Never initiate private or isolated one-on-one contact with a member.
- Never have a private or isolated meeting or communication with a member. This includes in-person meetings and virtual communications such as texting, video chat and social media between only a staff member or volunteer and a single member.
- Never transport one Club member at a time. This includes transportation in Club or leased vehicles.

Exceptions may only be made when delivering medical or counseling services by a licensed, trained therapist or similar professional. All exceptions shall be documented and provided to Club leadership in advance.

If an emergency arises that necessitates an exception to this policy, the emergency exception shall be communicated to Club leadership as soon as practicable, and ideally before engaging in one-on-one interaction.

ONE-ON-ONE INTERACTION POLICY GUIDANCE

The following guidance should be used when implementing related policies and procedures.

Definition of one-on-one interaction

One-on-one interaction is defined as any private contact or communication (including electronic communication) between any Club participant and an adult, including adult staff, minor staff, volunteers, board members and others who might encounter members during regular programming and activities.

- **Private** contact/communication is any communication, in person or virtual, that is between one youth member and one adult (18 or over) that takes place in a secluded area, is not in plain sight and/or is done without the knowledge of others. Private places can include but are not limited to vehicles, rooms without visibility to others, private homes and hotel rooms. Examples of private contact include but are not limited to:
 - Meeting behind closed doors (in rooms without windows or visible sightlines) or any spaces that are not visible to others.
 - One staff member transporting one member in a vehicle.
 - Electronic communications (text, video, social media, etc.) between one member and one staff member or volunteer.

Prohibition of Private One-on-One Interaction Policy (Page 2 of 3)

COMMITMENT TO SAFETY

- **Public contact/communication** is any communication or meeting, in person or virtual, that is between at least three individuals, including two staff and one member, one staff and two members or variations of these combinations. Examples of public contact include but are not limited to:
 - Meeting in plain sight of others (e.g., in a quiet corner of an active game room).
 - Transporting members via public transportation (bus, taxis, train, air, etc.) or transporting multiple members.
 - Electronic communications (text, video, social media, etc.) between multiple members and adults (e.g., group chats).
 - Public places can include but are not limited to buses, airports, shopping malls, restaurants and schools.

Impact on mentoring programs

Mentorship is a key component of Boys & Girls Club programming and has tremendous positive impact on members. Prohibition of one-on-one interaction does not have to negatively affect mentor programs and/or relationship building. Mentors can adjust their practices to include:

- Holding mentor and coaching sessions in areas where other staff and/or members are present or can see you – for example, in large rooms where meetings are visible but not heard.
- Copying parents, staff or other members (when appropriate) on written and/or electronic communications.
- Scheduling meetings during Club hours and at the Club site.
- Documenting interactions between mentors and youth.

Impact on partnerships with local mentoring organizations

- All local mentors are required to abide by Club policies, including background check requirements and prohibition of one-on-one interaction.
- External mentors are required to abide by all Club safety policies and procedures.
- A written agreement should be in place to determine how and when the external organization assumes custody and responsibility of the member; these procedures should be clearly communicated to parents or guardians.
- Every interaction between mentor and youth will be documented and maintained

Impact on traveling to off-site events and activities

- When traveling to any off-site events, the one-on-one policy shall continue to be followed.
- Should the Club take responsibility for transporting members to and/or from an event, one staff member should not transport one single child at any time in a vehicle. Accommodations should be made to ensure at least three people (two staff and one member or one staff and two members) are together when traveling. As an alternative, public transportation may be used (e.g., taxi, Uber, public transport).
- If this arrangement presents staffing or budget challenges, consider the following:
 - Inviting parents or guardians to attend and/or chaperone their child.
 - Including additional youth (e.g., Junior Youth of the Year) and/or staff in travel plans.

Prohibition of Private One-on-One Interaction Policy (Page 3 of 3)

COMMITMENT TO SAFETY

- Coordinating with other Clubhouses or nearby organizations to travel together.
- Travelling with additional staff or members.
- Parents and guardians should also provide written consent for each instance in which a member travels to any off-site event. NOTE: Parents or guardians are never allowed to provide consent for one-on-one interaction.
- Similar practices should be in place when coordinating field trips.

Impact on transportation to and from the Club

- When transporting members to and/or from a Club-sponsored event or activity, single members should not be transported alone with one staff person.
- Consider the following to accommodate single children:
 - Modify bus or van routes so single children aren't picked up first or dropped off last.
 - Use a bus aide if available.
 - Pick up and drop off children in groups.
 - Modify staff schedules to ensure multiple staff are present.

Exceptions to policy

Exceptions to the one-on-one policy can be made under the following circumstances:

- When delivering medical or counseling services by a licensed, trained therapist or similar professional (e.g., counselors, social workers).
- When the emotional or physical safety of a member is at risk and a private, one-on-one communication is deemed necessary by Club leadership.
- In emergency situations that could create a safety risk, exceptions can be made (e.g., if a member is not picked up by a parent and leaving them alone at the Club could be a safety risk).

Should exceptions need to be made, the Club shall have policies in place to monitor interactions, including but not limited to:

- Disclosing the meeting to Club leadership and regularly checking in with the member and adult during conversations.
- Placing time limits on conversations.
- Meeting in rooms with clear sight lines (e.g., rooms with windows or glass doors).
- Documenting the interaction.
- In an emergency, disclosing the situation to another staff member before engaging in one-on-one interaction.

RESTROOM MONITORING

Restrooms shall be regularly monitored by designated staff according to a schedule set by Club leadership. Monitoring includes walk-throughs, inspections and/or any (but not necessarily all) of the best practices outlined below:

- Implementing procedures to limit the number of children using restrooms at the same time.
- Prohibiting younger children and teens from sharing a restroom.

Damages to facilities shall be repaired in a reasonable manner. Damages that pose imminent risk to the health and safety of members, staff or volunteers shall be repaired immediately. If immediate repair to damage that poses imminent risk is not possible, Club leadership shall determine whether temporary or permanent closure of the facility may be required. Any damage to a facility that results in an incident deemed critical to the organization shall be reported to the appropriate authorities as a critical incident.

FOOD AND DRINK

Any distribution, preparation or consumption of food and/or drink at any facility shall comply with all applicable food services' sanitation and public health codes. If food is prepared and served on site, required city or county health department inspection certificates shall be posted. (Page 1 of 3)

DRUG AND ALCOHOL POLICY

Boys & Girls Clubs of Delaware County is committed to providing a safe environment for members, staff and volunteers. To further ensure their safety, the organization maintains a drug- and alcohol-free workplace. The unlawful or improper use of drugs – including marijuana, controlled substances or alcohol in the workplace – presents a danger to everyone. The organization also has a duty to comply with the requirements of the Drug-Free Workplace Act of 1988.

- Employees are prohibited from reporting to work or working while under the influence of alcohol and/or illegal or unauthorized drugs.
- Employees are prohibited from reporting to work or working when the employee is using any legal drugs; exceptions can be made in accordance with state law when the use is pursuant to a doctor's orders and the doctor has advised the employee that the substance does not adversely affect the employee's ability to safely perform his or her job duties. Employees taking any legal drugs that potentially affect job safety or performance are responsible for notifying their supervisor and/or Club leadership so that a determination of job performance or a reasonable accommodation can be made. An employee may not be permitted to perform his or her job duties unless such a determination or reasonable accommodation has been made.
- Employees are prohibited from engaging in the unlawful or unauthorized manufacturing, distribution, dispensing, sale or possession of illegal drugs and alcohol in the workplace, including on organization paid time, on organization premises, in organization vehicles or while engaged in organization activities.
- Employees must notify their supervisor and/or Club leadership immediately of any criminal drug or alcohol violation.
- Employment with the organization is conditional upon full compliance with the foregoing drug- and alcohol-free workplace policy. Any violation of this policy might result in disciplinary action, up to and including discharge.

Boys & Girls Clubs of Delaware County further reserves the right to take any and all appropriate and lawful actions necessary to enforce this drug- and alcohol-free workplace policy, including but not limited to the inspection of organization-issued lockers, desks or other suspected areas of concealment, as well as an employee's personal property when the organization has reasonable suspicion to believe that the employee has violated this policy.

Staff and or volunteers shall immediately notify Club leadership of any action by an employee or volunteer who demonstrates an unusual pattern of behavior suggesting that they are under the influence of drugs or alcohol. Club leadership will determine whether the employee should be examined by a physician or clinic and/or tested for drugs or alcohol in accordance with the Club's drug-testing policies. Employees and volunteers believed to be under the influence of drugs or alcohol will be required to leave the premises. Any illegal drugs or drug paraphernalia will be turned over to the appropriate law enforcement agency and may result in criminal prosecution.

Screening, testing and security measures may be used as methods of enforcement, as permitted by applicable state law. It is a violation of this policy to refuse to submit to testing. Tests that are paid for by the organization are the property of the organization, and the examination records will be treated as confidential and held in separate medical files. However, records of specific examinations will be made available, if required by law or regulation, to the employee, persons designated and authorized by the employee, public agencies, relevant insurance companies and/or the employee's doctor.

Authorized use: Club devices are only permitted for use during approved Club times for Club purposes and in approved locations only. The Club expressly prohibits the use of Club devices in locker rooms, restrooms and other areas where there is an expectation of privacy.

Appropriate use: Members may not use any technology to harass, threaten, demean, humiliate, intimidate, embarrass or annoy their peers or others in their community. Cyberbullying

Members may not utilize any technology to harass, threaten, demean, humiliate, intimidate, embarrass or annoy their peers or others in their community. This behavior is cyberbullying, which is defined as bullying that takes place using emerging technologies and devices. Members may not attempt to gain unauthorized access to the Club's network, or to any other computer system through the Club's network. This includes attempting to log in through another person's account or accessing another person's files. Members may not use the Club's network to engage in any illegal act, including, but not limited to, arranging for the purchase or sale of alcohol, tobacco or other drugs; engaging in criminal activity; or threatening the safety of another person. Members may not make deliberate attempts to disrupt the computer system or destroy data by spreading computer viruses.

Monitoring and inspection: Boys & Girls Clubs of Delaware County reserves the right to monitor, inspect, copy and review files stored on Club-owned devices or networks. In addition, Boys & Girls Clubs of Delaware County reserves the right to inspect and/or review personally owned devices that are brought to the Club. Technology Acceptable Use Policy

(Page 3 of 6)

Parental notification and responsibility: While the Boys & Girls Clubs of Delaware County Technology Acceptable Use Policy restricts the access of inappropriate material, supervision of Internet usage might not always be possible. Due to the wide range of material available on the Internet, some material might not fit the particular values of members and/or their families. Because of this, it is not considered practical for Boys & Girls Clubs of Delaware County to monitor and enforce a wide range of social values in student use of the Internet. If parents/guardians do not want members to access information beyond the scope of the Technology Acceptable Use Policy, they should instruct members not to access such materials.

Digital citizenship: Club members shall conduct themselves online in a manner that is aligned with the Boys & Girls Clubs of Delaware County Code of Conduct. The same rules and guidelines members are expected to follow offline (i.e., in the real world) shall also be followed when online. Should a member behave online in a manner that violates the Boys & Girls Clubs of Delaware County Code of Conduct, that member shall face the same discipline policy and actions they would if their behavior had happened within the physical Club environment.

Club-owned-and-operated technology: Members are expected to follow the same rules and guidelines when using Club-owned technology. Club technology and systems are the property of the Club, are intended to be used for Club purposes and are to be used during approved times with appropriate supervision. Club members shall never access or use Club technology or systems without prior approval.

Digital citizenship and technology safety training: All members who wish to use a Boys & Girls Clubs device or equipment will be required to successfully complete a BGCA-provided digital citizenship and technology safety training. This training is required for all members annually.

Authorized use: Personally owned devices are permitted for use during approved Club times for Club purposes and in approved locations only. The Club expressly prohibits the use of personally owned devices in locker rooms, restrooms and other areas where there is an expectation of privacy.

Appropriate use: Staff may not use any technology to harass, threaten, demean, humiliate, intimidate, embarrass or annoy their peers or others in their community. Any inappropriate use of a personally owned device, as determined by a supervisor, can lead to disciplinary action including but not limited to confiscation of the device, immediate suspension from the Club, termination of employment or volunteer assignment or other disciplinary actions determined to be appropriate to the Club's existing disciplinary policies including, if applicable, referral to local law enforcement.

Monitoring and inspection: Boys & Girls Clubs of Delaware County reserves the right to monitor, inspect, copy and review a personally owned device that is brought to the Club. Staff may refuse to allow such inspections. If so, the staff member may disciplinary action up to and including termination

Supervisors and the Club at large are not responsible for the security and condition of the staff member's personal device. Furthermore, the Club is not liable for the loss, damage, misuse or theft of any personally owned device brought to the Club.

Staff may refuse to allow such inspections. If so, the staff member may be subject to disciplinary action up to and including termination.

To foster positive social interaction, ensure focus during programs, and protect the privacy and well-being of all members and staff, BGCDC has implemented this policy.

The possession and use of all personal electronic devices (PEDs) by Club members are strictly prohibited during operational hours and all Club-sponsored activities, unless explicitly authorized by Club staff for a specific educational purpose.

Parents/Guardians should not attempt to contact their child directly on a personal device during Club hours. For urgent messages, please contact your child's Club Director. Staff will ensure the message is relayed to your child.

This policy applies to all members of the Boys & Girls Clubs of Delaware County, covering all Club facilities and any off-site events or field trips.

 - Devices issued by the Club for approved educational activities are exempt from this ban but must be used under direct staff supervision and for intended purposes only.

Violations of this policy will result in disciplinary action. All incidents will be documented, and parents/guardians will be notified.

- Youth shall follow the “rule of three” in using public restrooms, with at least two youth and an adult walking to the restrooms and three youth entering a multi-stall facility together. The adult will remain outside the restroom door to provide auditory surveillance.
- Whenever possible, staff/volunteers will monitor and clear public restrooms before use by members to ensure that the facility is free of adults – and clear of youth not involved in the Club program – before allowing youth to use the facilities. Alternatively, staff members will stand in the restroom doorway and/or hold the door at least partially open when supervising member use of public restrooms. Staff may position themselves inside the restroom near the sinks if positioning at the door is not feasible or is deemed ineffective.
- In a shared-use facility, Boys & Girls Clubs of Delaware County will utilize the best practice of shutting the exterior door to the restroom and using an “Occupied” sign outside of the door to alert others that they must wait until Club members have exited the restroom before they can enter.

ACCIDENT OR EMERGENCY PROTOCOL

- Driver should immediately notify Club leadership if there is a delay or issue (e.g., breakdown, accident, emergency) with transporting members to and from the Clubhouse or Club-related activities.
- Staff shall immediately inform Club leadership if a staff member, volunteer or board member violates this policy. In such case, the organization will take appropriate disciplinary action, up to and including termination.

Video Surveillance

(Page 1 of 2)

USE OF VIDEO SURVEILLANCE

The Boys & Girls Clubs of Delaware County recognizes that maintaining the safety and security of Club members, staff, volunteers, and Club property is best implemented with a multifaceted approach. Modern technology, including video surveillance, can provide tools to maintain safety and security. While video surveillance does not replace appropriate supervision by Club personnel, it can provide an additional layer of protection.

The primary purpose of utilizing security cameras in public areas is to deter crime and to assist law enforcement in enhancing the safety and security of the staff, volunteers, members and families, while at the Club. The primary use of security cameras will be to record video images for use by law enforcement and Club Executive Leadership charged with investigation alleged violations of law or Club policy.

Video surveillance, without or without audio recording capabilities, may be utilized in and around the Club facility, on Club property and shall be in accordance with all applicable laws pertaining to such use. The system provides constant monitoring 24/7 (is activated and records when motion is detected).

PLACEMENT AND NOTIFICATION

Video surveillance equipment **will not be** used or installed in areas where Club Members, staff, and parents/guardians have a reasonable expectation of privacy, such as locker rooms and restrooms.

Video surveillance equipment may always be in operation, whether the Club is operational and whether the facilities or buildings are in use at all. The Club will determine the operation schedule of any video surveillance equipment in its discretion. Video monitors shall not be in an area that enables public viewing.

The Club shall notify Club members, parents/guardians, staff, and the public that video surveillance systems are present by signs prominently displayed in appropriate locations throughout the facilities and grounds and provide any other notification or consent as required by applicable law.

ACCESS TO VIDEO IMAGES

The use of video surveillance equipment on Club grounds shall be supervised and controlled by the CEO and Club Site Directors. The actual recording equipment will be maintained in an area or room that is secure and can only be accessed by authorized personnel. Live video monitoring may randomly occur as needed.

Video data is recorded and stored digitally. Video recording data is considered confidential and secure. Access to live and video recorded data is **strictly limited** to the following authorized Boys & Girls Club personnel: CEO, Club Site Directors and Board of Directors, if applicable. These authorized personnel are trained on the video surveillance policy and how video data should be used during any official investigation.

Video recording data may be used as evidence that a Club member, parent/guardian, staff member, volunteer, or other person has engaged in behavior that violates state or local law, policies, and/or Club rules. Video footage is subject to production by a valid subpoena or other court order.

Video Surveillance

(Page 2 of 2)

UNAUTHORIZED ACCESS AND/OR DISCLOSURE

Confidentiality and privacy concerns limit the general public, including parents and relatives of Club members, from viewing video recording footage and/or data involving Club members, staff, and volunteers. Only the authorized personnel provided above can view and/or export video recording data. No unauthorized recordings are permitted of video recording data through cell phones, portable devices, or any other means. Any Club personnel who becomes aware of unauthorized disclosure of video recording data from the Club and/or a potential privacy breach must immediately inform the CEO.

Club personnel and volunteers are prohibited from unauthorized use of, tampering with or otherwise interfering with video surveillance equipment. Violations will be subject to disciplinary action that may include, but are not limited to, written reprimand, suspension, demotion, or termination of employment.

Video recording data will remain the property of the Boys & Girls Clubs of Delaware County and may be reproduced only in accordance with applicable law and board policy.

RETENTION OF DIGITAL IMAGES

Video recording data shall be kept for a period of approximately 30 days except for appropriate still shots or selected portions of the recorded data relating to any incidents under investigation by authorities. The latter shall be retained for one year after the incident or until such time as any legal matters pertaining to the recordings have been resolved. The stored media shall be kept on a secured computer.

In situations involving banned parents/guardians, former employers or volunteers, or visitors, stored still images may be shared with Club personnel and appropriate officials.

CLUB MEMBER PRIVACY

Video recording data will not be used directly or indirectly to identify the activities of individual Club members except as viewed in relation to a specific event or suspected criminal activity; suspected violation of Club policy or rules; incidents where there is reasonable basis to believe a claim may be made against the Club for civil liability; or if otherwise compelled by law.

Authorized Club personnel may use a still shot or selected portions of recorded data to request law enforcement review for assessing the security risk of a specific individual or for investigating a potential crime on Club property. A copy of this policy will be shared with any Club member, parent/guardian, or staff member upon request.
